

3rd October 2009

Dear Dr. Smith

I have heard of a proposal put forward by British Waterways to extend the stretch of 72 hour visitor moorings from the George pub to Candy's bridge (Meadow Lane).

I am a continuous cruiser who currently enjoys mooring for up to 14 days along this stretch (my son was even born next to Candy's bridge). We regard ourselves as part of the Bathampton community, using local shops and services, as well as attending and helping out at mini-club at St Nicholas' church.

If these proposals go ahead it would make it more difficult for us to remain connected with the village and would give us an impression of exclusion.

Please could you support us by contesting British Waterways proposals.

Yours sincerely,
