Thanks Keith,

All - Please find attached the documents that were circulated last Friday. I am yet to amend the maps to show the amendments to the permanent moorings but rest assured that this is being discussed internally. I'd like to reiterate that these are initial thoughts and subject to consultation.

I look forward to receiving your feedback.

Kind regards
Damian

PS I've also attached the hand-out that never was! It's just the one page of Q&A's that I didn't give out on Friday.
